 - . The statements of payment from the national health or other provident company together with photocopies of medical expense receipts.
 - . Any documents required for examination of the file at the request of **L'Européenne d'Assistance** to be provided forthwith.

When L'Européenne d'Assistance pays for transportation of the insured person, the latter must return the unused air ticket for the return trip initially scheduled.

➔ "Luggage" claims

The insured person must comply with the following obligations; failure to do so will result in disentitlement except in the event of an unforeseen occurrence or case of *force majeure*.

- In the event of loss or deterioration of luggage entrusted to a transport company or theft committed in a hotel, have a damages report drawn up by a qualified representative of the transport company or hotel (**the travel organisation representative excluded**). Non-production of this report will result in a reduction in the compensation corresponding to the sum due by **L'Européenne d'Assurances voyages** in respect of the claim that **L'Européenne d'Assurances voyages** ought to have made against the transport company or hotel,
- Moreover, in the event of theft, a statement must be made as soon as possible to the police authorities closest to the site of the offence in the country of origin,
- Advise **L'Européenne d'Assurances voyages** of the claim in writing within **five working days (period reduced to two working days in the event of a theft)** of occurrence of the incident. Once this period has elapsed, the entitlement of the insured person to claim compensation will cease if the delay has caused prejudice to **L'Européenne d'Assurances Voyages**.
- Send **L'Européenne d'Assurances voyages** all original documents proving your claim:

a) **Damage to or loss of luggage**

- Claim deposit receipt, sea, air, road transport company form,
- Damage report,
- Detailed inventory with cost figures,

- statement of damage, irregularity, transport and registration ticket in the event of lost or damaged luggage,
- Quotation for repair or paid invoices, purchase or original invoice.

b) Late delivery

- Original invoice specifying the total price for the trip (= registration form)
- Statement of irregularity established by the airline (original copy)
- Luggage delivery slip
- Compensation letter from the airline
- Original invoices for objects purchased on the spot
- Inventory of the effects purchased on the spot
- Original luggage registration ticket

If the insured person recovers all or part of the objects stolen or which have disappeared at any moment in time, he or she must advise **L'Européenne d'Assurances Voyages** immediately:

If recovery occurs before the payment of compensation, he or she must take back the objects and **L'Européenne d'Assurances Voyages** will pay compensation for any damage to them that might have occurred.

If recovery occurs after the payment of compensation, he or she may decide to take them back in exchange for reimbursement of the compensation received, less any deterioration or missing items. The insured person has 15 days to choose. Once this period has expired, **L'Européenne d'Assurances Voyages** will consider that he or she has opted for renunciation.

The property for which **L'Européenne d'Assurances Voyages** pays compensation to the insured person becomes the property of the insurance company.

➔ **Claim regarding a late plane**

The insured person must:

- **Complete a late plane declaration form and have it stamped by an authorised person of the airline handling the flight or an authorised member of airport personnel.**
- **Forward the duly completed late plane declaration form to L'Européenne d'Assurances Voyages on his or her return or, within 15 days of return at the latest, together with a copy of the air ticket, the invoice for the purchase of the ticket insured and the boarding card stub.**

If the necessary documents indicated above are not provided, the file cannot be settled.

ARTICLE 3 – GUARANTEED FAST PAYMENT

Claim files forwarded by the insured person will be paid within 72 working hours of acceptance of the file by the company. This guarantee of fast payment is conditional solely upon the Insured person providing all the documents required for examination of the claim file.
